Why Lynton Evolve?

- Treatments are performed using the Lynton Evolve professional diode laser system.
- Your treatment plan is tailored to your skin type, hair characteristics and treatment area.
- A consultation and patch test are required before your first treatment.
- For best results, a course of treatments is normally recommended.

**Full body packages include full legs, full arms, underarms, bikini/Hollywood and selected torso areas.
Exact areas are agreed during consultation. Prices and packages are subject to treatment suitability.*
